

# Output and Productivity 2021

Source: NI Annual Business Inquiry, NISRA (Nov 2022); Business Register & Employment Survey, NISRA and Regional GVA, ONS

Northern Ireland measures are based on information collected from the non-financial business economy and exclude public sector activity for the most part. UK wide Regional GVA is a broader based measure relating to the whole economy in a region.

## NI GVA Workplace-Based

	2020	2021	Annual Change
Turnover (£m) <sup>1</sup>	67,838	77,067	13.6%
Purchases (£m) <sup>2</sup>	44,063	48,696	10.5%
aGVA* (£m) <sup>3</sup>	25,661	30,647	19.4%

<sup>1</sup>Total value of sales and work.

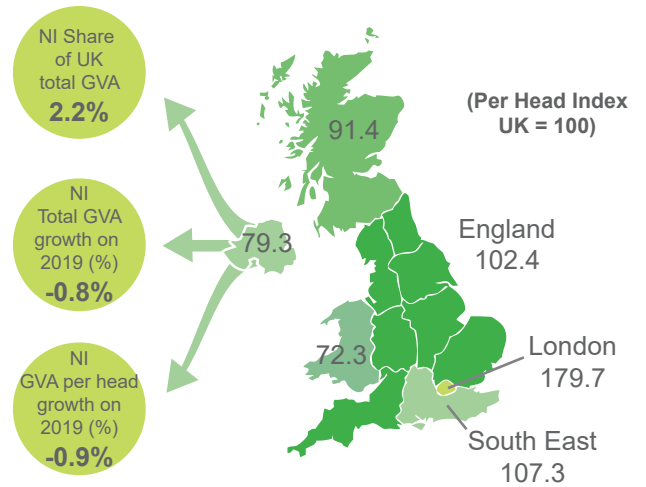

<sup>2</sup>Value of purchase of goods, materials and services.

<sup>3</sup>Approximate Gross Value Added at basic prices measures the income generated by businesses less their expenditure on goods and services
