

LISBURN & CASTLEREAGH COUNCIL BRIEFING

MARCH 2026

**Economic
Context
Update**

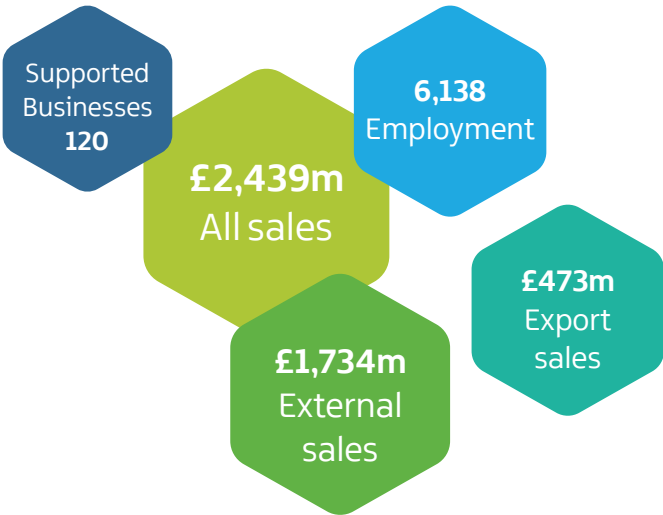

INVEST NI SUPPORTED BUSINESS PERFORMANCE

2024

Client Performance Indicators (CPIs) are collected from a sub-set of Invest NI businesses who are significant contributors to the NI economy. CPIs are geographically assigned based on the HQ location of the business.

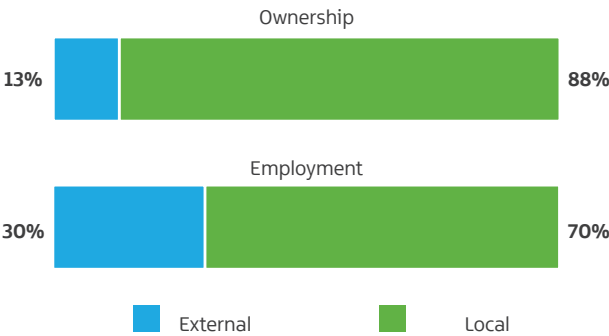

Key metrics include all sales, external sales outside NI, export sales outside UK and employment (based on Full-Time Equivalent). All data are provisional and subject to further revision.

Businesses are classified according to Invest NI's sector reporting structure which is based on their main product and/or service within Northern Ireland.

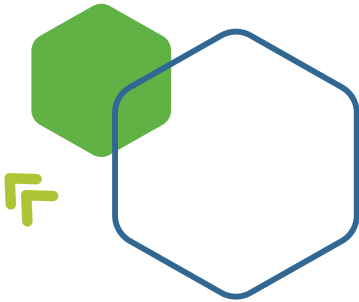

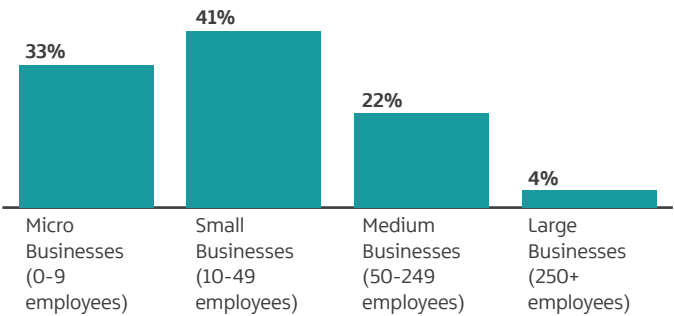

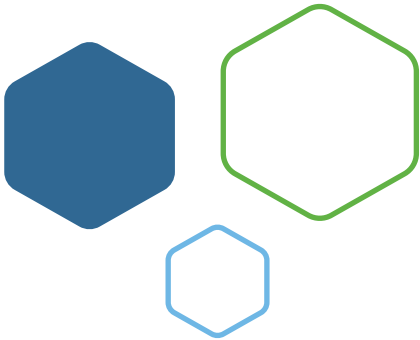

Whilst externally-owned businesses represent 13% of the total they account for 30% of employment

Business by ownership

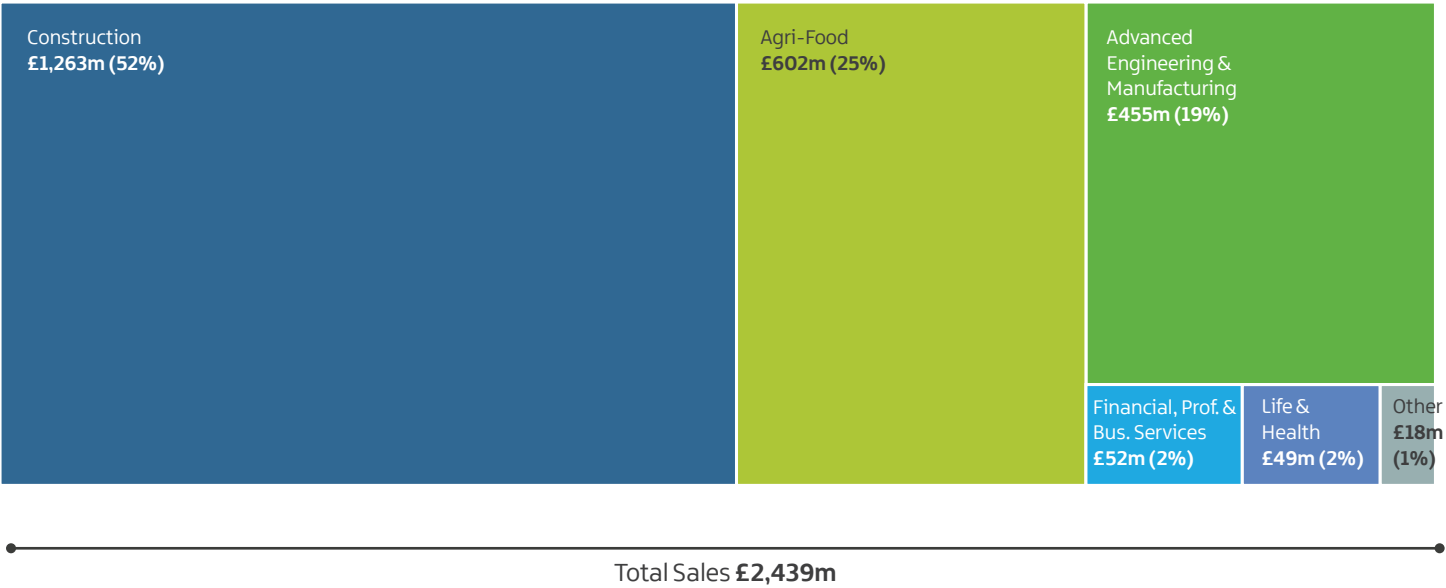

Businesses by size

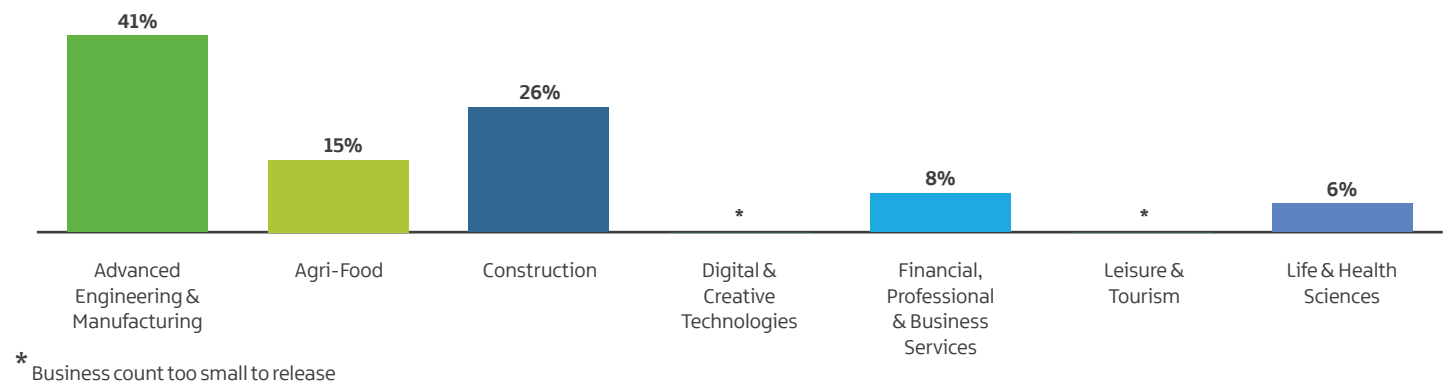

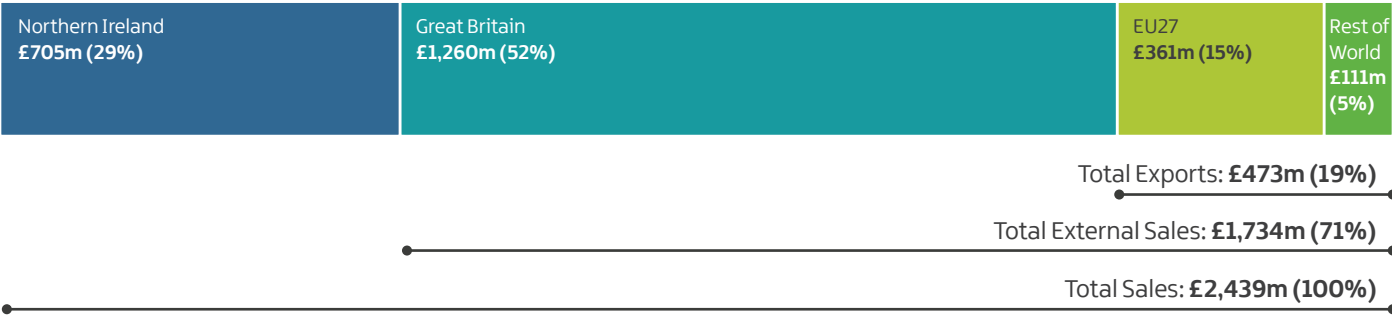

Sales by sector

Employment by sector

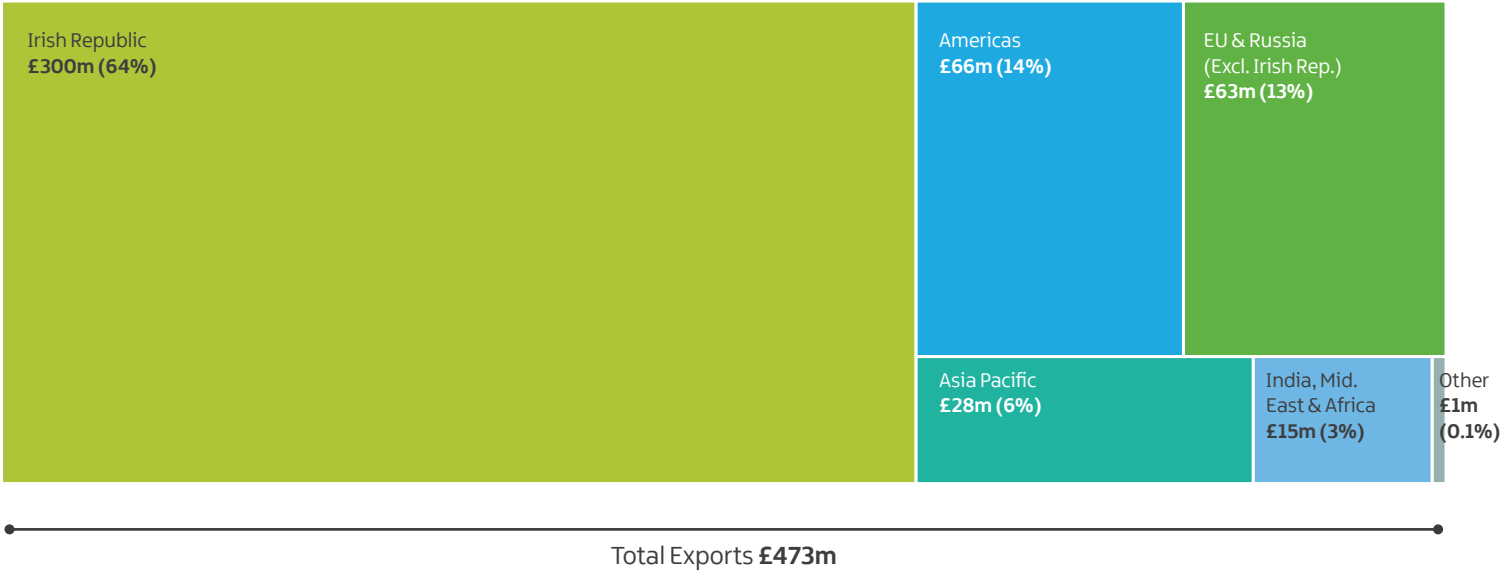

Sales by destination

Note: Individual amounts may not add to the total figure due to an unassigned amount of £1m (0.03%)

Sales by trade territory

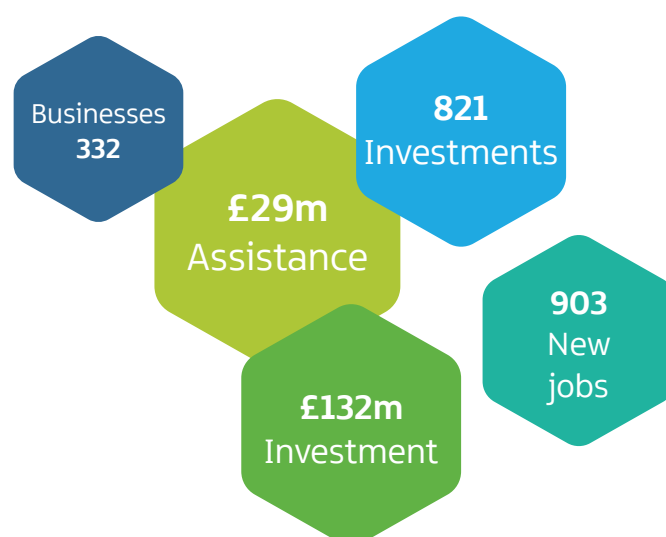

INVEST NI INVESTMENT ACTIVITY

2020-21 to 2024-25

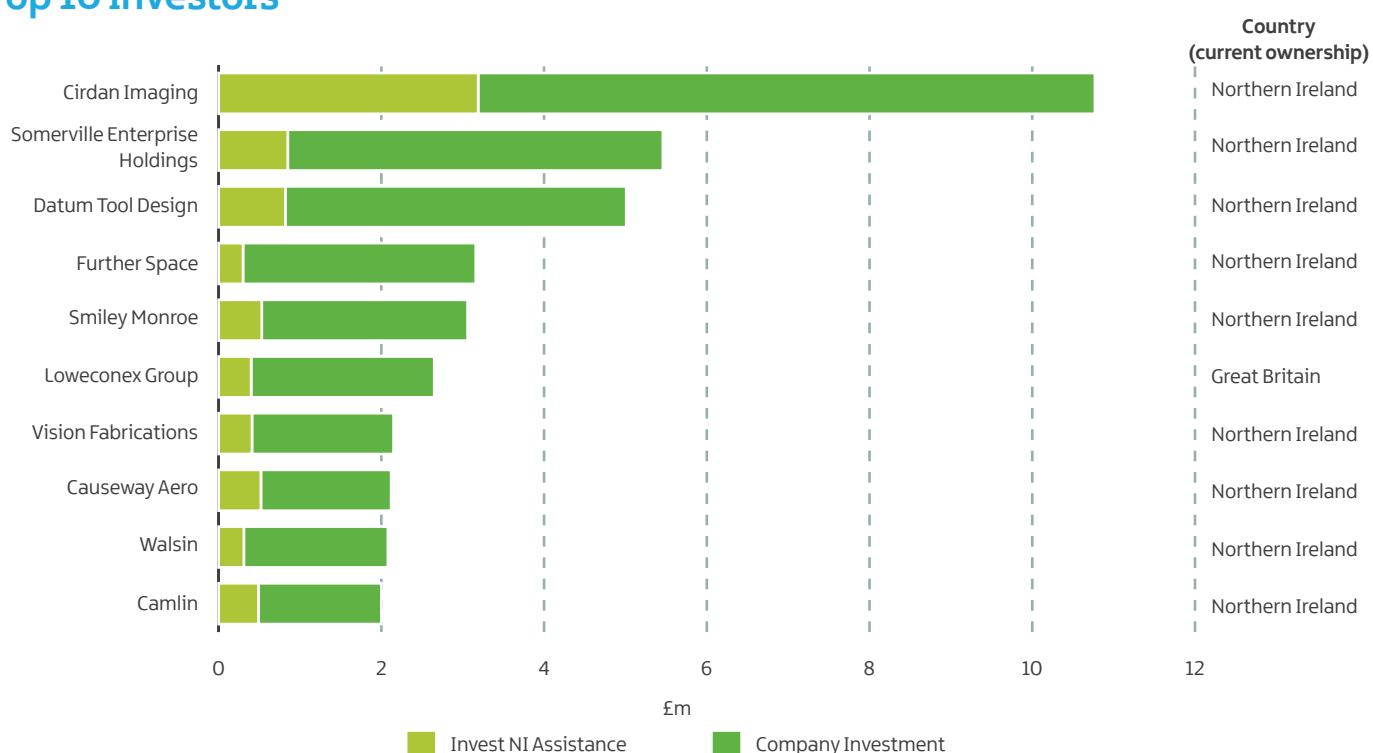

Investment activity covers projects (investments) that Invest NI has issued an offer of support for over the past 5 years.

When a business applies for support towards a development project (such as investing in R&D, creating jobs or building new facilities), we review their business plan to ensure it meets funding rules. If it does, we offer support (assistance) based on a percentage of the total project cost (investment) and the type of project.

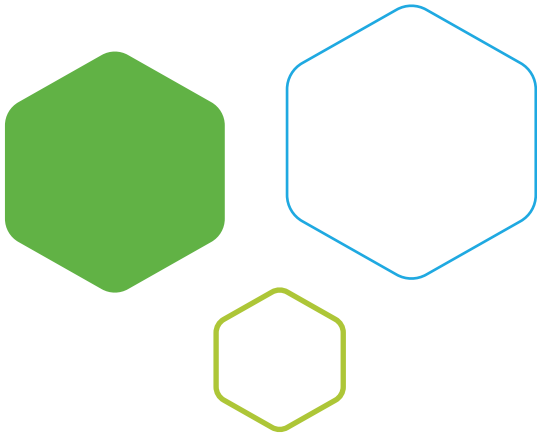

The offer is a contract that requires the company to deliver the project and provide us with specific evidence of progress against agreed milestones to be met over the project's lifetime. Funding is only released when we receive this evidence. It is important to understand that there is usually a lag between when support (assistance) is offered and when the company delivers these milestones (investment), as projects take time to deliver.

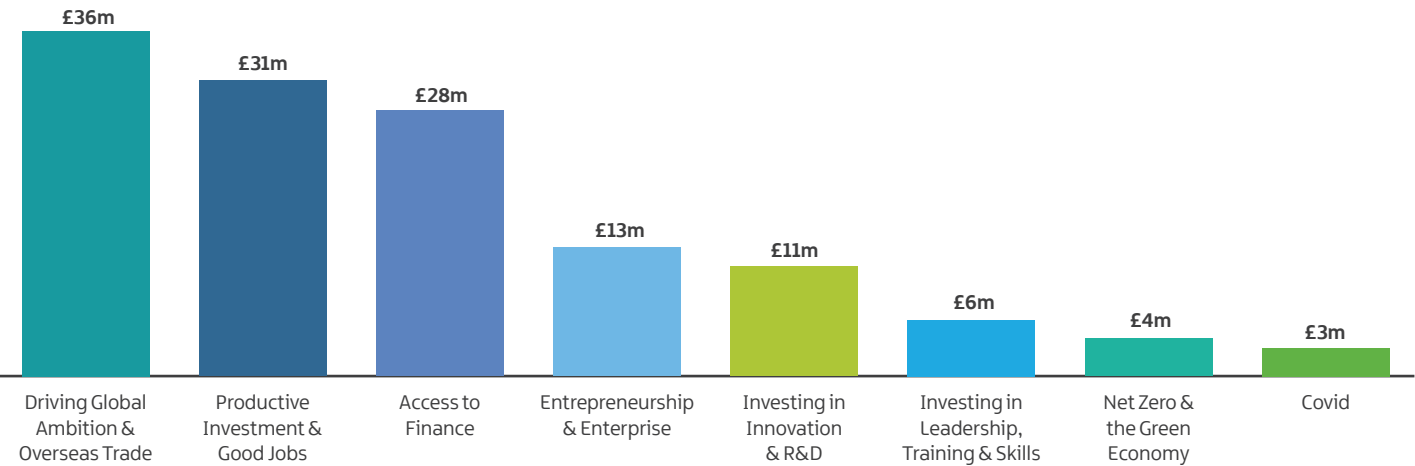

Top 10 investors

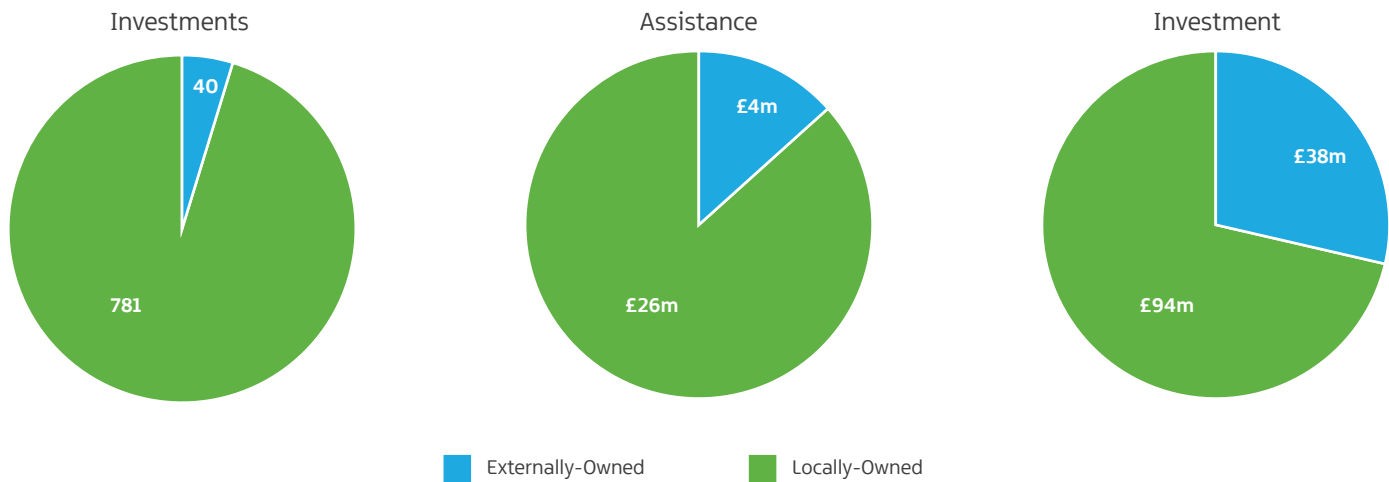

87%
of assistance to
locally-owned
companies

Investment by type of support

Support by ownership

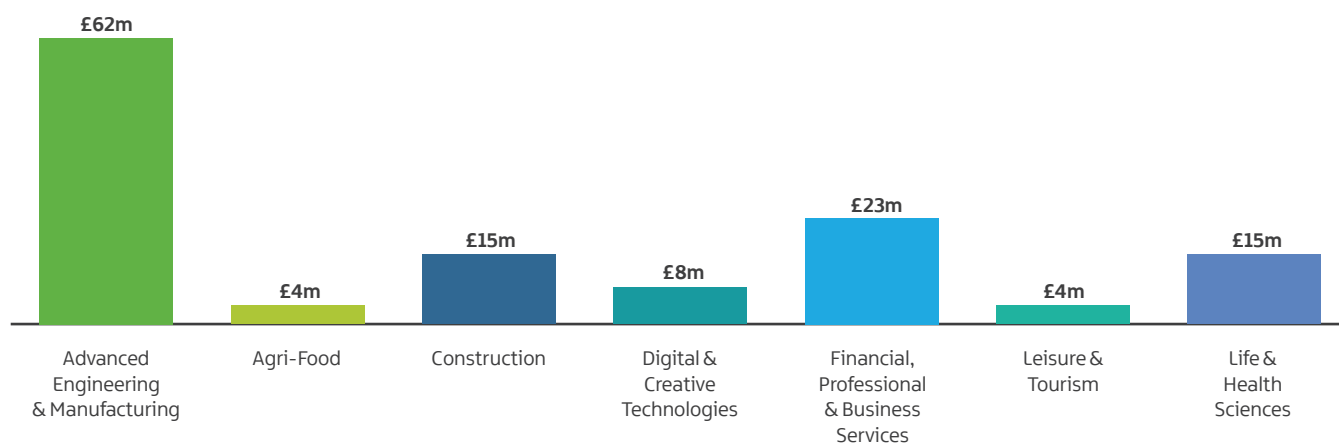

External investment by country of origin

Note: Country reflects ownership at the time of offer.

Investment by sector

Note: Investment by sector does not include £0.71m of investment that cannot be allocated at council level and £0.02m cannot be allocated.

58%
of new jobs

locally-owned
companies

ECONOMIC PROFILE

POPULATION

2024

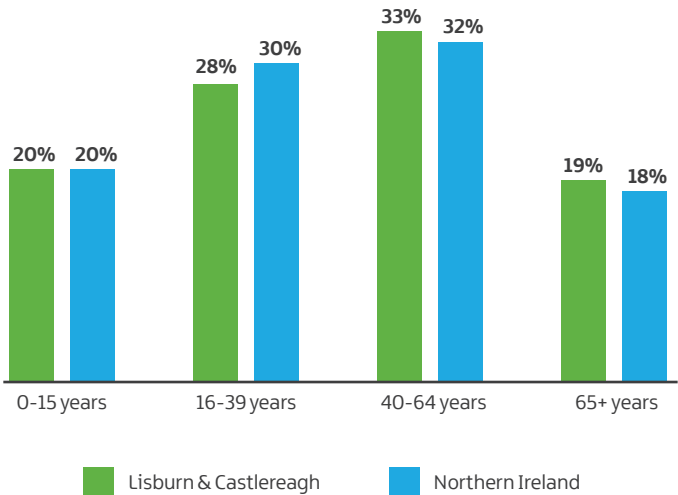

Total population

8%
of total
NI population

Source: Mid-Year Population Estimates, NISRA

Population by age

QUALIFICATIONS

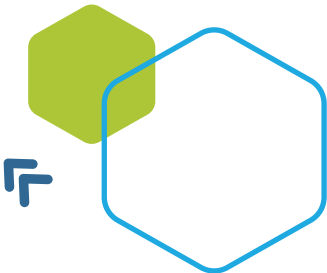

2024

	Lisburn & Castlereagh	Northern Ireland
 No Qualifications	8%	11%
 Below NVQ Level 4	40%	47%
 NVQ Level 4 and above	52%	42%

Source: Labour Force Survey, NISRA

These data are provided through the Labour Force Survey (LFS) which is a household survey and includes a measure of qualifications, based on the working-age population (16-64), using the following classification:

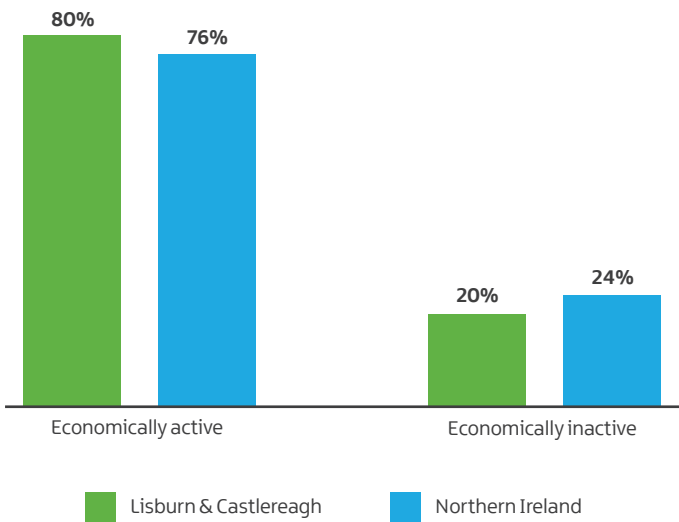

- No Qualifications
- Below NVQ Level 4 (Level 1 to Level 3)
- NVQ Level 4 and above (degree level and above)

LABOUR MARKET STRUCTURE

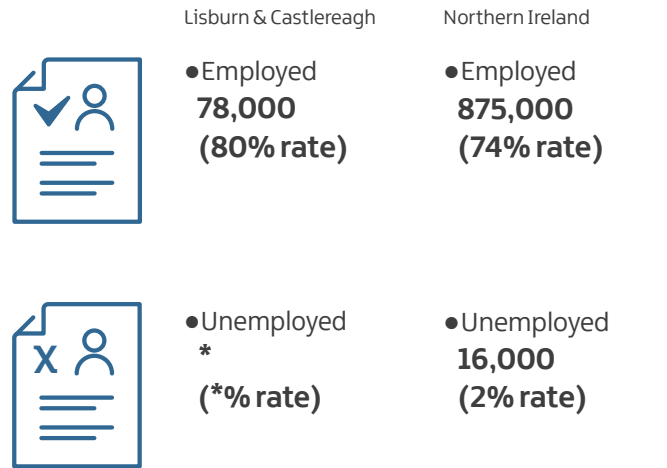

2024

Labour market

Source: Labour Force Survey, NISRA

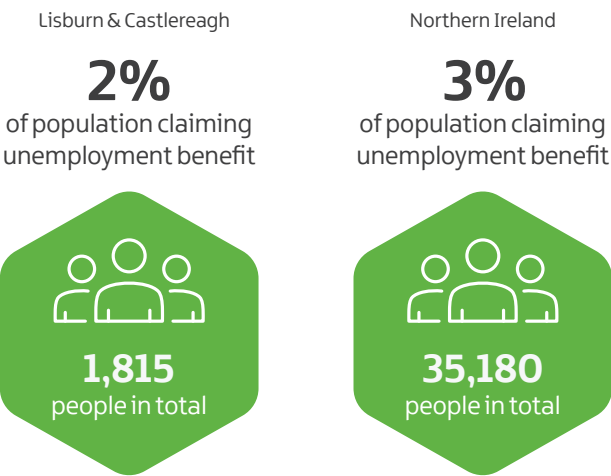

Economically active

*Estimates under a certain amount are disclosive and therefore suppressed

UNEMPLOYMENT CLAIMANTS

2026

Source: Claimant Count, NISRA

The labour market structure is composed of the economically active (people in employment and seeking work) and inactive (not seeking nor available for work). These data are provided through the Labour Force Survey (LFS), the largest regular household sample survey in Northern Ireland. **Total numbers in employment do not equate to total jobs as a person can have more than one job.**

Unemployment annual averages data is derived from the Claimant Count as LFS figures fall below suppression thresholds. This is an administrative data source based on the numbers claiming unemployment-related benefits. It uses a different definition of unemployment to the LFS.

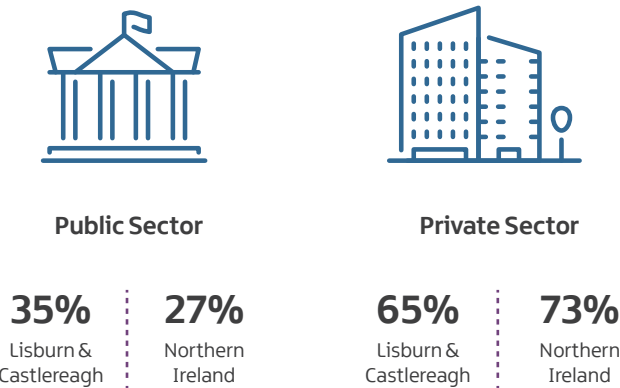

Both measures of the labour market are based on the working-age (16-64) population.

EMPLOYEE JOBS

2023

Public/private sector

63,416
jobs within the region
(8% of the NI total)

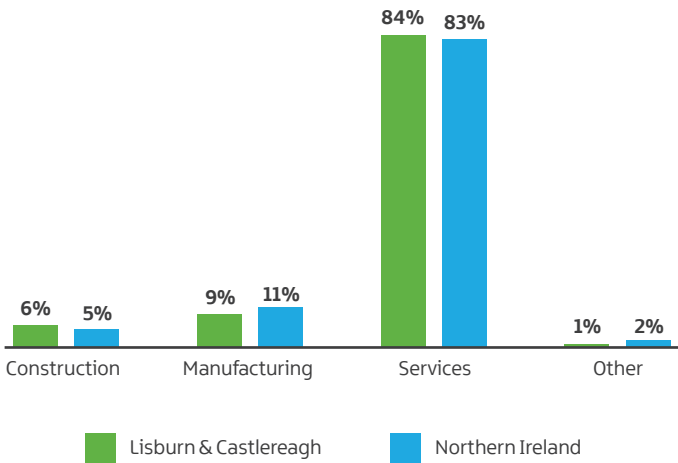

The Business Register and Employment Survey is a business census which provides employee jobs estimates. **This is based on the location and number of jobs rather than the number of persons with a job; therefore someone with two jobs will be counted twice.** It excludes agriculture employee jobs and self-employed (not on a PAYE system).

BUSINESS DEMOGRAPHY

2024

A business birth is identified as a business who was present in the active business population dataset for 2024, but not in the two previous years. A business is deemed to have survived for one year if having been a birth in 2023, it is active in terms of employment and/or turnover in any part of 2024. Rates are expressed as a percentage of total active businesses.

PRODUCTIVITY WORK-PLACE BASED 2022

Productivity is based on the Regional Gross Value Added (Balanced) in Current Prices (£). Regional GVA is the value generated by any unit engaged in the production of goods and services.

Per head calculations are made using jobs, rather than the resident population as this can be subject to distortion (due to the effects of commuting and variations in age distribution).

GVA per filled job 2022

- Over £65,000
- £60,000-£64,999
- £55,000-£59,999
- Under £55,000

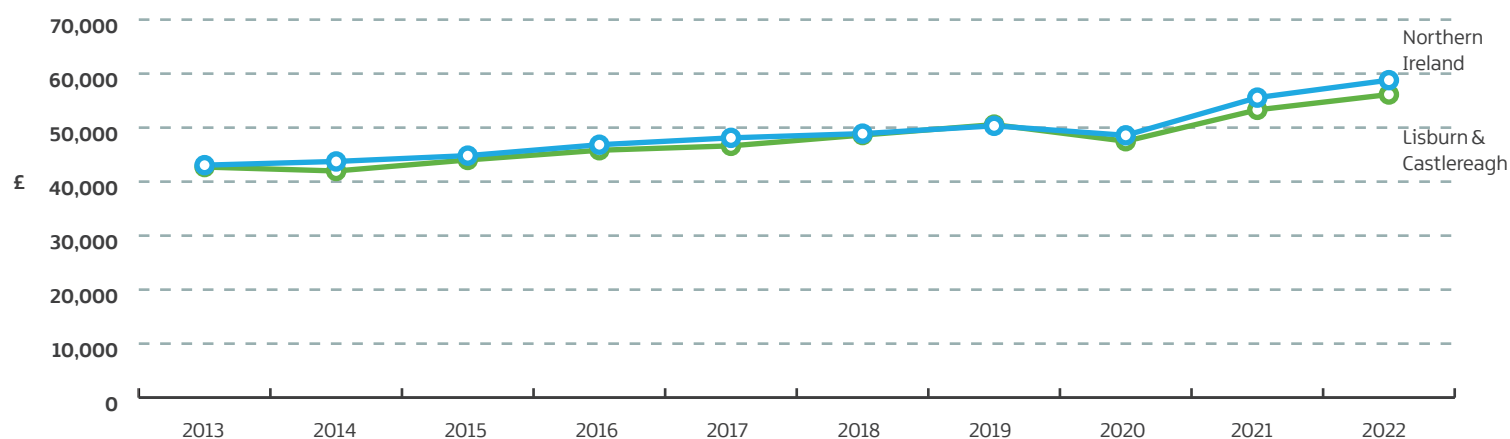

Lisburn & Castlereagh

2018	2022	▲ 15%

Northern Ireland

£48,890	£58,794	% change 2018-22
2018	2022	▲ 20%

GVA per filled job 2013 to 2022

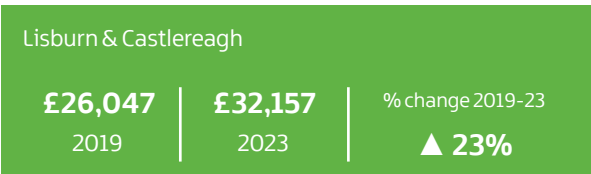

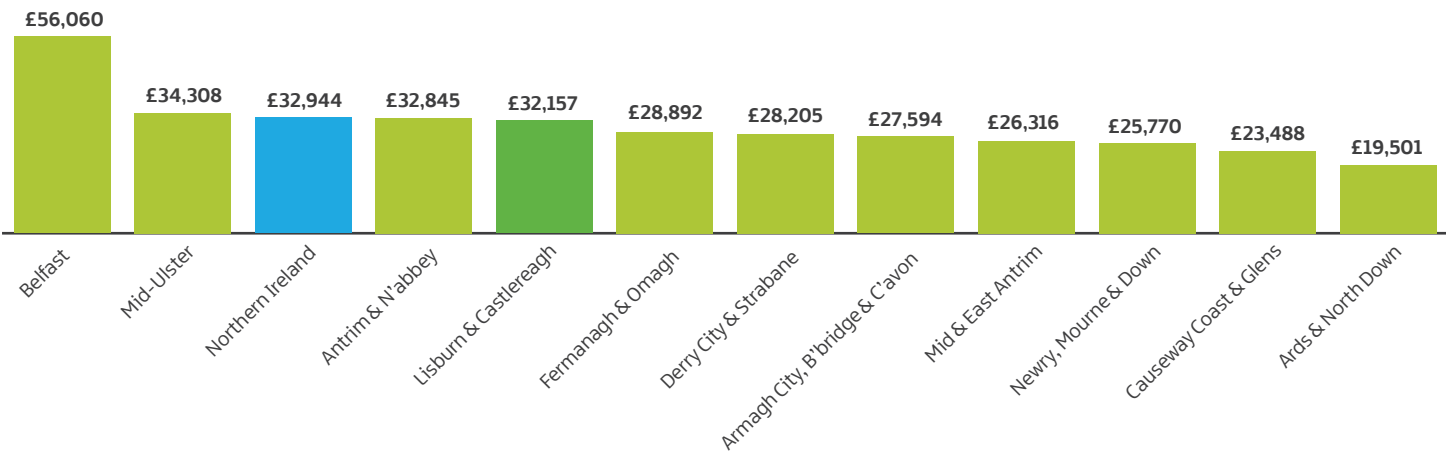

Source: Regional GVA (Balanced), ONS

GROSS DOMESTIC PRODUCT 2023

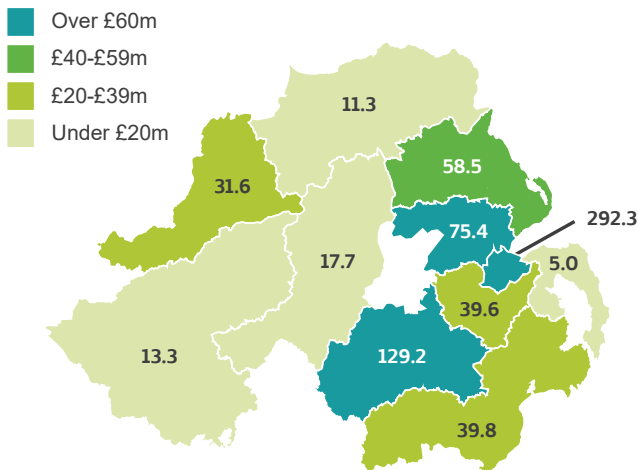

GDP per head by council

Gross domestic product (GDP) measures the value of goods and services produced in the UK. It estimates the size of and growth in the economy. Per head calculations are made using the resident population.

Source: Regional GDP, ONS

RESEARCH & DEVELOPMENT 2024

Lisburn & Castlereagh
£39.6m
6% of total
Northern Ireland spend
(£713.8m)

R&D activity is defined as research or technological development with an appreciable level of novelty or innovation in line with international criteria. The business expenditure on research and development (BERD) figures below are based on cash terms.

ENTREPRENEURSHIP

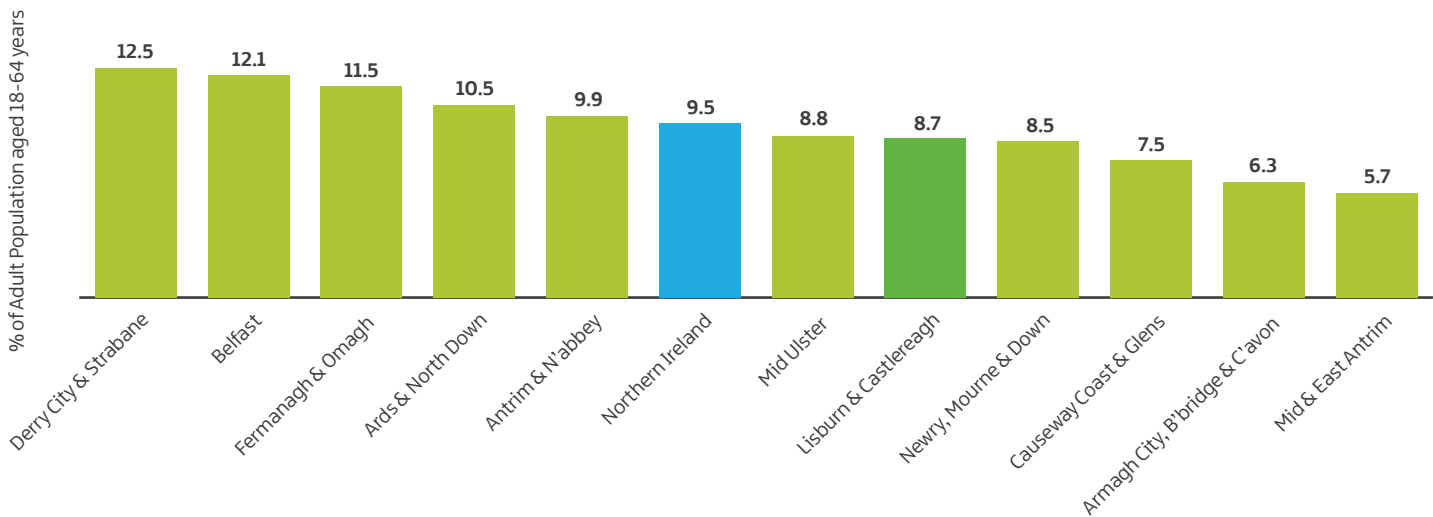

2024

Total Early-stage Entrepreneurial Activity (TEA) represents the percentage of the population aged 18-64 who are either nascent (in process of starting a business) or new entrepreneurs (running a business not older than 42 months).

Entrepreneurial activity is based on average TEA rates recorded over 2022-2024, which are grouped due to small sample sizes.

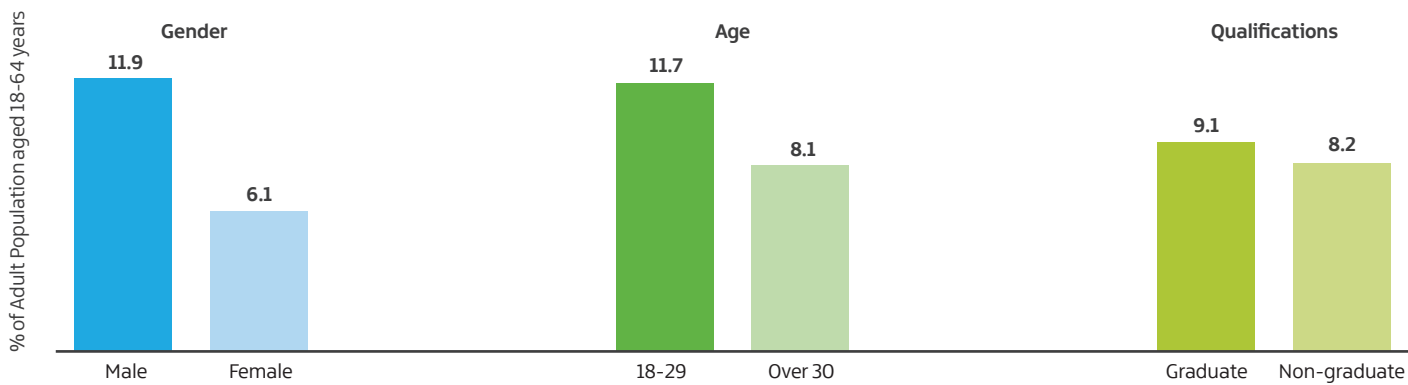

Average TEA rates across council areas

NI total assistance includes an additional £23.48m which is not allocated at council level, as it benefits businesses across the whole of NI, and a further £8.43m offered to remote working projects or to those that have not yet settled on a location.

Outside BMA figures include remote working projects that are not located in a specific council area but have the potential to impact on multiple locations throughout Northern Ireland.
