

Disability Action Plan

April 2017 - March 2020

Disability Discrimination Order
(Northern Ireland) 2006

1. Introduction

1.1

Section 49A of the Disability Discrimination Act 1995 (DDA 1995) (as amended by the Disability Discrimination (Northern Ireland) Order 2006), requires Invest NI to have due regard to the need to:

- promote positive attitudes towards disabled people; and
- encourage participation by disabled people in public life ('the disability duties').

Section 49B of the DDA 1995 also requires Invest NI to submit to the Equality Commission a **Disability Action Plan** showing how it proposes to fulfil these.

1.2

Mark Ennis (Chairman) and Alastair Hamilton (Chief Executive) of Invest NI, are committed to discharging the disability duties and implementing this Disability Action Plan. Invest NI will therefore:

- deploy people, time and money to put this plan into action and build objectives and targets on disability duties into corporate and annual operating plans;
- put in place internal arrangements to ensure that the disability duties are complied with and this disability action plan effectively implemented;
- ensure the effective communication of the plan along with training and guidance to staff on the disability duties and the plan;
- submit an annual report to the Equality Commission on the progress of the plan and carry out a review every three years;
- carry out timely, open and inclusive consultation in accordance with Equality Commission guidelines.

Pamela Marron will co-ordinate, review and evaluate the plan and is the point of contact within Invest NI.

2. Previous Measures

Outlined below are the key measures which Invest NI has already taken to promote positive attitudes towards disabled people and to encourage the participation of disabled people in public life.

Our headquarters building in Bedford Square, Bedford Street was designed, built and operates to best practice guidelines following consultation with Disability Action.

- A text relay number is printed on all publications and on our website to ensure accessibility to our offices and staff.
- Publications are produced in all alternative formats on request.
- A Signer (English/Irish language as requested)/interpreter is present on request. Invitations for events will also include a request for details of any special requirements.
- Equality Co-ordinators have been appointed within each division to assist with the implementation and main streaming of our equality obligations. These Co-ordinators are given update training every year to ensure they are aware of the latest legislation.
- Chapter 5 of the Invest NI Equality Scheme sets out our commitment to equality training and raising awareness. In April 2019, all staff completed online equality learning modules.
- All programmes have been reviewed under the Accelerating Entrepreneurship and Business Development Solutions Equality Impact Assessments (EQIAs) to ensure that they are accessible to those with disabilities.
- We have also completed EQIA's on our Communications and Access Process, Recruitment and Selection and Corporate Plan which are all available on our website.

Promoting positive attitudes towards disabled people

- During the development of our new website, we ensured that the pages within the site are accessible and conform to level Double-A (AA) of the W3C's "*Web Content Accessibility Guidelines 1.0*" to make web content accessible to people with disabilities.
- We have delivered Dignity training to all staff during 2019, in accordance with our Equality Scheme, which has raised awareness of our responsibilities concerning people with disabilities.
- We have ensured that all HQ Facilities Staff have received training on how to provide an inclusive customer facing service for people with disabilities.
- We have also held specific training on Disability Awareness and the disability duties, most recently in 2019. This training will be provided on an ongoing basis for all new staff entering the organisation and as refresher training every three years for existing staff, as outlined in our Equality Scheme.
- Our building is fully accessible to encourage the participation of people with disabilities in our everyday activities. Accessibility is now only provided in terms of statutory provision, but also in terms of training our staff in meeting the needs of all our customers. For example, we participate in the JAM scheme. The JAM Card (an abbreviation of 'Just A Minute'), is a credit card-sized plastic card that people with learning disabilities/difficulties can carry and use to alert staff in retail outlets, public/private transport providers and other areas of public life that the card-holder needs 'Just A Minute' of patience and time. We have placed signage on the front entrance of our building highlighting our participation in the scheme and our reception staff have been trained accordingly.

Encourage the participation of disabled people in public life

Our approach is based on these principles:

- Everyone has the right to equal access to information.
- When we make information available in a format that an individual or group prefers we will do it quickly and for free.
- All our documentation is made available in alternative formats to help encourage people with disabilities to apply for and participate in public life positions and we feature welcome statements for people with disabilities in our job advertisements.
- We make sure that people know how and where to get the information they need. For example nibusinessinfo.co.uk provides information of specific interest to disabled entrepreneurs and includes links to the organisations overleaf.
- When we cannot provide preferred formats we will make the information available in other ways. For example, we can arrange face-to-face meetings to pass on information; give an oral briefing; or give staff time to help customers understand and complete forms.
- We also, where reasonably possible, provide interpreters and signers for those who would wish to attend any of our business advice interviews or events.
- Some people may need help from a supporter who would come with them when we are providing information to them and we will make all reasonable adjustments to allow for this. We have also accommodated carers who need to travel with a disabled person participating in one of our events or Trade Missions and we will continue to do so.
- Car parking is provided on site for staff who have a disability.
- We carry out positive recruitment practices including a welcoming statement on all job advertisements, which state that we particularly welcome applicants with a disability.
- Our HQ building is fully accessible and has been previously reviewed by the Disability Action Access Consultant. Toilets for people with disabilities are provided on all floors and a designated fire evacuation lift is available for emergency exit.
- We also seek to make reasonable adjustments for any member of staff declaring a disability and have made numerous adjustments to date to encourage recruitment as well as the retention of employees with disabilities. These include remote working, reduced hours, flexible working patterns and participation in the Workable Programme.
- All employees have undergone equality training to raise awareness of the issues surrounding Section 75 and equality of opportunity.
